It's time for exploring the demos with our...

# MINUTE MADNESS

# User interfaces for Solid

Demo 1

By Tim Theys (MICT – UGent)

# Data safari

Demo 2

Welke instant messaging-applicaties gebruik je?

Welke sociale media gebruik je?

Vorige

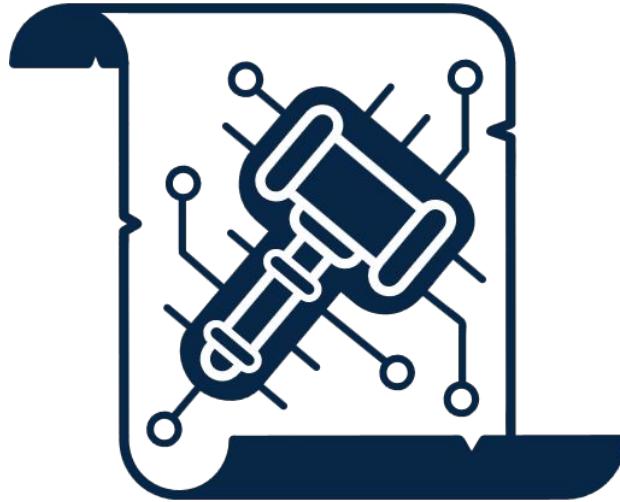

Volgende

By Peter Mechant (MICT – UGent)

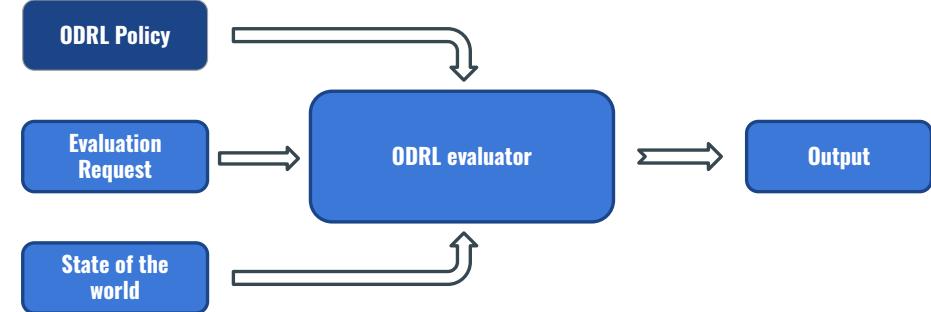

# Evaluating usage control policies

Demo 3

**FORCE**  
A playground for ODRL evaluation

By Wout Slabbinck (IDLab – UGent)

# Search in Solid

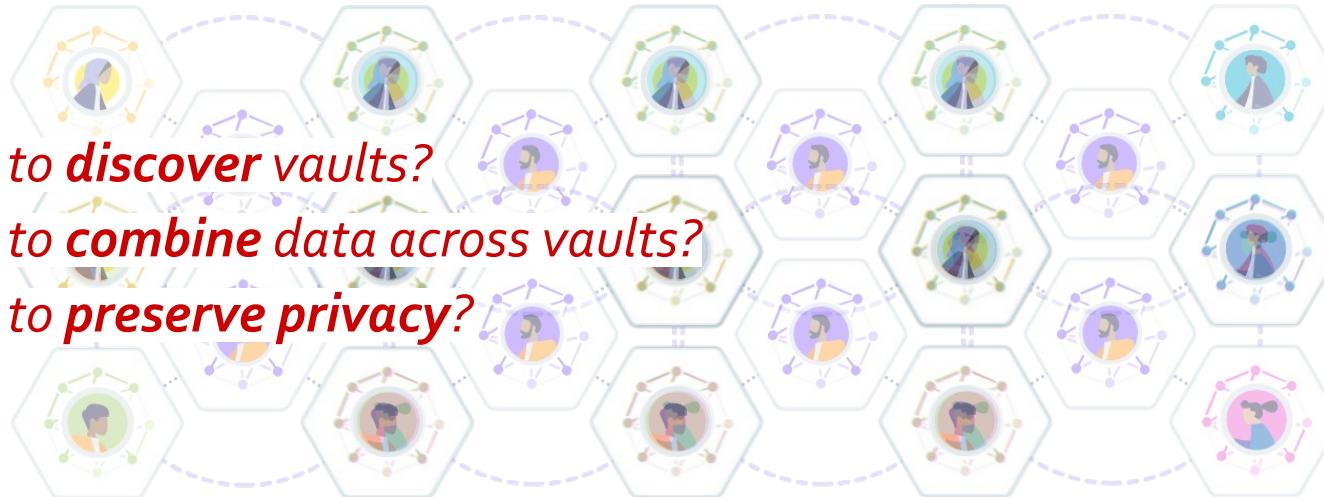

Demo 4

*Finding relevant data across a large number of data pods is challenging:*

*How to discover vaults?*

*How to combine data across vaults?*

*How to preserve privacy?*

→ Abstract complexities within a personal (SPARQL) query engine

By Ruben Taelman (IDLab – UGent)

# Aggregating data

Demo 5

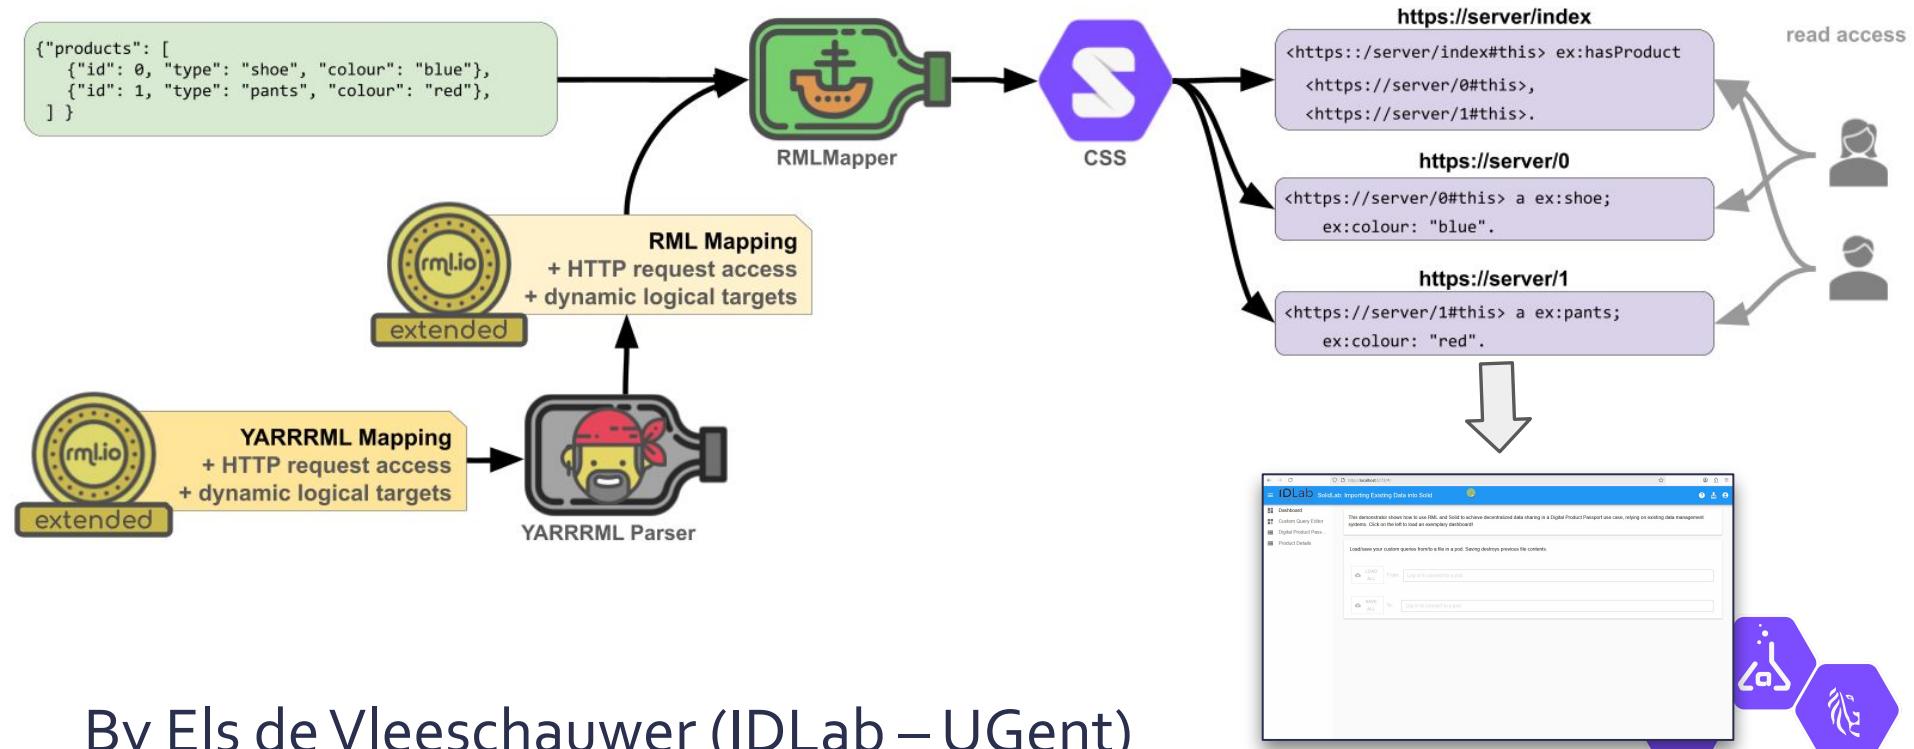

- ✓ scalable insights
- ✓ improved latency
- ✓ reduced network load
- ✓ simplified auth over pods
- ✓ shared pods
- ✓ pseudonymisation

By Maarten Vandenbrande (IDLab – UGent)

# Importing Existing Data as Linked data into Solid

Demo 6

By Els de Vleeschauwer (IDLab – UGent)
